*Lights Camera Danielle* Danielle Miller, 2018-11-08 Witnessing death. Surviving abuse. This is the true story of former model Danielle Miller. In her own words. On her way to uncovering hidden truths about the world. She found herself in some pretty tumultuous relationships. Falling in love with two men at the same time certainly wasn't part of the plan! Her world was further turned upside down, when she experienced strange happenings that confirmed her longstanding belief in God; but if God is real. Then the devil must be too..right? A WORD FROM THE AUTHOR: This is my story minus the filters and soft focus. Just the unphotoshopped truth. I felt pushed into a life in front of the camera for reasons you'll find out in my book. I was on my way to becoming famous and spiralling out of control. When I chose to walk away from that life. To pursue a deeper, more meaningful path.

The Unleashed Romance Boxed Set Books 4-6 includes three full-length novels: *Toying*, *Blazing*, and *Chasing*. Get ready for a male model who falls hard for a female mechanic, a workplace romance, and a revenge wedding date that takes a wrong turn! *Toying* Sloane When you're told you're the ugly duckling, you learn to set your expectations low. So what do I do when Caleb Robinson, a gorgeous model, offers to buy me a drink? I turn him down flat. It must be a prank. Two days later, I'm

working at the garage in my dirty blue coveralls with grease smudged on my face, and he shows up to ask again. I'm floored. What's this guy up to? Men like him don't date girls like me. Caleb I'm in full-on pursuit of the coolest woman ever, who's destined to be my wife—Sloane Murray. Dad always said that's how it happened for him. He proposed to Mom on their first date. I never believed love could happen so quickly, until now. Slowly but surely, I convince Sloane of my sincerity, and our future has hope until I bring her into my modeling world. Problem is, she doesn't fit. And when my career takes off, it's clear that I can't pursue the big dream and my dream girl. If only love were as simple as that first thunderbolt. Blazing Max I'm determined to grow my landscape design business fast. It's the only way to save the home that's been in our family for generations. So when I land my biggest client ever, the new inn with a huge property, I know better than to get involved with the sexy owner. Besides, Brooke Winters is engaged, and I can't risk stirring up drama in the small community I depend on for my business. Brooke Have you ever had such bad luck with guys that you start wearing your sister's old engagement ring as an anti-man shield? Just me? Anyway, it's working and good thing too. I can't afford a distraction when I'm the lead architect for the old farmhouse my sister and I plan to turn into an inn. Everything's on the line, including our life savings. We have to open on time, or we'll lose our shirts. Only I didn't count on a gorgeous landscaper brightening every chaotic day with his distracting warm smile. Even my dog is in love with Max. I'm made of sterner stuff. Until I impulsively kiss him and—Fireworks. I didn't know they were a real thing. Now I'm navigating a slippery slope, desperately trying to put up professional boundaries while keeping our renovation project on schedule. This will either go down in a blaze of glory or a blazing hot mess. Chasing Paige The problem with Spencer Wolf is that he thinks he's the boss when I'm the boss. I run the inn. He's my consultant chef and caterer, as well as an arrogant confirmed bachelor. But when I break down over an invitation to my ex-fiancé's wedding, it's Spencer who steps in to the rescue, offering to be my revenge wedding date. The perfect doting fake husband. The catch? He wants the honeymoon too. One night, no strings. No effing way! And then he kisses me, and in a moment of lusty weakness, I agree. Biggest mistake of my life. Pretty sure. Spencer Face it, Paige, you need me. The Unleashed Romance series continues with Book 7, Daring, plus more!

*Data Mining, Southeast Asia Edition* Jiawei Han,Jian Pei,Micheline Kamber,2006-04-06 Our ability to generate and collect data has been increasing rapidly. Not only are all of our business, scientific, and government transactions now computerized, but the widespread use of digital cameras, publication tools, and bar codes also generate data. On the collection side, scanned text and image platforms, satellite remote sensing systems, and the World Wide Web have flooded us with a tremendous amount of data. This explosive growth has generated an even more urgent need for new techniques and

automated tools that can help us transform this data into useful information and knowledge. Like the first edition, voted the most popular data mining book by KD Nuggets readers, this book explores concepts and techniques for the discovery of patterns hidden in large data sets, focusing on issues relating to their feasibility, usefulness, effectiveness, and scalability. However, since the publication of the first edition, great progress has been made in the development of new data mining methods, systems, and applications. This new edition substantially enhances the first edition, and new chapters have been added to address recent developments on mining complex types of data— including stream data, sequence data, graph structured data, social network data, and multi-relational data. - A comprehensive, practical look at the concepts and techniques you need to know to get the most out of real business data - Updates that incorporate input from readers, changes in the field, and more material on statistics and machine learning - Dozens of algorithms and implementation examples, all in easily understood pseudo-code and suitable for use in real-world, large-scale data mining projects - Complete classroom support for instructors at [www.mkp.com/datamining2e](http://www.mkp.com/datamining2e) companion site
